Puppy Purchase Application

Dear Prospective Puppy buyer, this application form is to help both of us determine which dogs would be best for your family and to help new puppy owners think of what their needs are prior to purchasing a dog from us. This helps the puppies find forever homes. Not all dogs and people are suitable for each other and sometimes thinking about the issues prior to making a decision will help assure that you have made the right decision for you and will allow us to assist you in finding the right personality puppy for your needs.

Puppies from our Sept 2016 litter are registerable with the IDCR registry and have litter papers on hand to be sent home with you when you purchase your puppy.

Training or classes: if you are a first time puppy owner are you willing to take a puppy class? *(prices range from 50.00 to 250 per session) Y N

Feed: A growing puppy can go through 40 lbs of dog food every three weeks and needs to be on puppy food for the first 4-6 months of their life at a cost of \$ 45-65.00/ 40 lb bag for quality feed. Are you prepared to assure your puppy will be correctly fed? A more mature larger dog goes through about 3 bags (70-100 lbs) of food a month, at a cost of about \$45.00/bag for quality feed. Using the wrong feed can cause additional veterinary expense, so it's best not to use substandard feed.

If you are in harsh weather climates such as central Oregon, what is your plan for caring for your puppy in freezing conditions? In high temperature conditions?

What type shelter do you have or will you have for your puppy?

Have you investigated:

- Other costs associated with having a dog such as boarding your pet while you are away or in an emergency, pet sitters , additional vaccination required by kennels, etc.
- Cost of quality feed for your dog.
- Toys, chews, accessories for your puppy?
- If this is a child's puppy what will happen when your child moves away?

I verify I have answered truthfully in an effort to help us work with the breeder to choose a puppy which fits our family needs.
